## ELKS ACCEPT J. ESPEDAH BUILDING BID.

TO ERECT NEW CLUBHOUSE;  
WILL START WORK AT ONCE.

BUILDING COMMITTEE EXPECTS  
TO HAVE NEW HOME READY  
FOR OCCUPANCY BY EARLY IN  
THE SUMMER.

Bids for the construction of the  
new clubhouse and home of the Day-  
tona lodge of Elks were opened and  
considered at a meeting of the build-  
ing committee held Thursday even-  
ing and the bid of J. Espedahl of  
this city was accepted as being the  
lowest. A total of four bids were  
received, the one accepted being the  
lowest.

The contract for the construction  
of the new home has not yet been  
signed by the building committee  
and Mr. Espedahl, but will be in a  
few days and the contract will call  
for the work to be started at once  
and pushed forward to an early com-  
pletion.

It is estimated the construction  
work will take less than three  
months and that the building will  
be ready for occupancy early in the  
summer. The contract will call for  
the three story building for which  
the plans were accepted some time  
ago, the building to face on Volusia  
avenue and with a side entrance on  
Palmetto avenue.

The first floor will contain the  
lounging, smoking and various club  
rooms, the women's rooms, banquet  
hall, kitchen, etc., will be located on  
the second floor, while the third  
floor will be arranged for the lodge  
hall and paraphernalia rooms.

HELP OF SOLDIERS ASKED.**

**GOVERNOR OF ILLINOIS SENDS  
TROOPS TO TAYLORVILLE AT  
THE REQUEST OF THE SHER-  
IFF OF THE COUNTY.**

SPRINGFIELD, Ill., Feb. 24—The  
sheriff of Taylorville this morning  
asked the governor to rush 250 sol-  
diers to that place, where serious  
trouble is threatened by a mine  
strike. The soldiers left at 11 o'-  
clock this forenoon.

**FAMOUS INDIAN DEAD;  
KILLED 600 WHITES.**

LAWTON, Okla., Feb. 24—Quanah  
Parker, the famous chief of the  
Comanche tribe of Indians and re-  
puted to be a millionaire, is dead of  
pneumonia. Parker is credited with  
killing 600 white men when the lead-  
er of his war-like tribe, but for many  
years he has lived a civilized life.

**280 PERISH ON SHIP

## FIRE IN MINE STILL BURNS; 15 ARE DEAD.

FLAMES IN SILVER MINE  
DRIVING BACK RESCUERS.

FIRE HAS BEEN RAGING IN  
WORKINGS FOR 24 HOURS AND  
MOUTH OF SHAFT WILL HAVE  
TO BE SEALED.

TONOPAH, Nev., Feb. 24—Fire has  
been raging in the Belmont silver  
mine here for the past 24 hours and  
the workings have become a furnace.  
The mine is the largest silver mine  
in the country.

Of the miners caught by the  
flames 15 are supposed to be dead,  
and the rescuers have been driven  
back by the flames. The mouth of  
the shaft will probably have to be  
sealed and the hope of saving any  
of the men has been abandoned.

**Miners Burn to Death—**  
HYMERA, Ind., Feb. 24—Five min-  
ers were burned to death late last  
night by an explosion of coal dust  
in the Hamilton mine, owned by the  
Rock Island railroad. The mine was  
badly damaged.

## NO VOTE IN SENATE THIS WEEK.

**RECIPROCITY AGREEMENT  
COMES OUT OF COMMITTEE.**

**BELIEVED THE UPPER HOUSE  
WILL NOT BE ABLE TO REACH  
A VOTE ON THE AGREEMENT  
THIS WEEK.**

WASHINGTON, Feb. 24—The Mc-  
Call reciprocity bill was reported out  
by the senate finance committee to-  
day. Two votes were taken, the first  
to report favorably, which was lost,  
seven to six, and the second to re-  
port the bill adversely, which was  
also lost by the same vote, seven  
to six.

It is believed it will be impos-  
sible to reach a vote on the measure  
in the senate this week.

**STILL NO CHANGE  
IN VOTE AT ALBANY.**

ALBANY, Feb. 24—On the 33rd bal-  
lot, taken today, there was no  
change.

## DAILY STOCK MARKET REPORT

NEW YORK, Feb. 24—The stock  
market opened today with average  
losses of three and four points, while  
Reading was off six points. Many  
stocks were thrown on the market  
and the industrials were adversely af-  
fected with brokers sending in hurry  
calls for margins. Later the market  
showed a better tone and recovered  
about two points above the lowest.  
Cotton was easier at eight to 13  
lower.

At 12:30 o'clock today most  
stocks were averaging one to two  
points above the low point and the  
market was steady.

REMAINING  
FOR WATCH.**  
TIME TO EXPIRE FRIDAY;  
CONTESTANTS WORK HARD.  
INTEREST IS GROWING GREATER  
EVERY DAY IN THE GAZETTE-  
NEWS GREAT POPULARITY  
CONTEST.

The ancient Greeks defined oppor-  
tunity as a woman with long hair  
on the front of her head, but abso-  
lutely bald in back. The myth fur-  
ther stated that opportunity was a  
very swift runner, but knew nothing  
of the art of dodging, always running  
in a direct line, thus in order to  
capture her it could easily be done  
by standing in her path and catch-  
ing hold of her forelock; but if once  
allowed to pass by, it was almost  
impossible to overtake and cap-  
ture her.

A great opportunity is now afford-  
ed the young ladies of Volusia coun-  
ty by the Gazette-News Great Popu-  
larity Contest, in which 11 prizes ag-  
gregating \$1,850 are to be given to  
the 11 leading contestants.

In addition to these prizes a spe-  
cial prize consisting of a beautiful  
gold watch, is to be given to the  
contestant who secures the most  
votes before Thursday, March 2.

This is an unusual opportunity for  
the young ladies of Volusia county,  
and everyone should grasp the op-  
portunity before it has passed.

**HOCHKISS  
RESILIENCE  
ROBBED.**  
SNEAK THIEF ENTERED  
HOUSE AT DAYTONA BEACH.  
SECURED JEWELS AND MONEY  
TO THE AMOUNT OF ABOUT  
\$1,000—NO CLUE TO THE PER-  
PETRATOR.

The E. H. Hotchkiss residence at  
Daytona Beach was entered sometime  
Thursday afternoon or evening, pre-  
sumably by a sneak thief, as there  
was no sign of an entrance having  
been forced, and jewelry to the  
amount of about \$1,000 and a small  
sum of money was carried off.

The thief is supposed to have  
entered the house while the family  
was at supper, but the loss of the  
money and valuables was not dis-  
covered until about 8:30 o'clock.

A valuable gold watch, a present  
to Miss Hotchkiss from her father,  
was overlooked by the thief although  
it was lying in close proximity to a  
bag containing other articles taken.  
The authorities were notified, but  
there is absolutely no clue as to the  
robber.

**WHEAT MARKET IS UP  
BUT RATHER INACTIVE.**

CHICAGO, Feb. 24—Wheat was  
1-8 to 3-8 higher at the opening to-  
day, but the market was inactive.  
May was quoted at \$3.89 7-8. Corn was  
quoted at \$4.48 5-8. Provisions were  
lower and dull with poor demand.  
Pork, \$17.80; lard, \$9.40; ribs, \$9-  
67. Hog receipts were heavy and  
the market weak to ten lower. Cat-  
tle were weak.

## RICHMOND THREATENED WITH FIRE.

BIG FACTORIES IN FLAMES;  
BLAZE BURNING FIERCELY.

HUNDREDS OF WOMEN ESCAPE  
FROM THE BUILDINGS BUT IT  
IS FEARED SOME MAY STILL BE  
IN RUINS.

RICHMOND, Va., Feb. 24—The  
city of Richmond is threatened with  
the most disastrous fire in its his-  
tory. The blaze started in the Wil-  
liams & Rebling tobacco stemmery,  
and the building was consumed at  
noon. The Lazarus & Bros. big fac-  
tory is now burning and will probably  
be a total loss.

At 2 o'clock this afternoon the fire  
was still raging and beyond the con-  
trol of the firemen, who were work-  
ing desperately to subdue the flames.

The loss will be heavy and late this  
afternoon the flames threatened to  
cover the wholesale district.

Several prisoners, three of them  
held for murder, rushed from the  
nearby county jail. Hundreds of wo-  
men had narrow escapes from the  
buildings and it is feared some may  
still be in the ruins.

**Fire at Albany—**

ALBANY, N. Y., Feb. 24—The Men-  
delson potash and lye plant was des-  
troyed by fire today. The loss will  
reach \$150,000.

**Serious Fire in Hayti—**

PORT AU PRINCE, Feb. 24—Aux  
Cayes, on the southern coast of Hay-  
ti, has been swept by fire today  
and the flames are still uncontrolled.  
The fire will leave 25,000 persons  
homeless.

## BLOW UP HOME OF A GROWER.

**NIGHT RIDERS ARE BUSY;  
DESTROY MORE PROPERTY.**

**MAN WHO DECLARES INTENTION  
OF GROWING CROP OF TOBAC-  
CO LOSES HOME ON KENTUCKY  
FARM.**

LEXINGTON, Ky., Feb. 24—The  
night riders are again on the ramp-  
age in this part of the state.

The home of one farmer who had  
declared his intention of growing a  
large crop of tobacco this season,  
was blown up with dynamite last  
night. All members of the family  
escaped. Disorders by night riders  
have been reported from other coun-  
ties in this part of the state.

**LONDON MARKET EXCITED  
BY RULING IN AMERICA.**

LONDON, Feb. 24—The American  
ruling against the increased railroad  
rates resulted in a break of from  
two to six points in American stocks  
today and the market became wildly  
excited.

Lyle Lyman had a slight return  
of the hemorrhage Thursday brought  
on by his over exerting himself, but  
is reported to be in better condition  
today and it is thought will be all  
right by keeping quiet for a few  
days.

## YOUNG GIRL IS ENTICED FROM HOME.

MARRIED MAN IS ARRESTED  
CHARGED WITH THE CRIME.

COLORADO COUPLE FOUND IN  
WOODS WEST OF ORMOND AND  
TAKEN BACK TO THEIR HOMES  
IN LONGWOOD.

Leaving a wife and family at his  
home in Longwood, Fla., Charles  
Richardson, colored, is alleged to  
have enticed Jennie Murphy, colored,  
aged 14 years, away from her home  
at that place and induced her to  
come to this vicinity with him.

The couple is said to have left  
Longwood February 11 and two days  
later a warrant for the arrest of  
Richardson, charging him with en-  
ticing the girl away and with statu-  
tory charges was sworn out by  
George Murphy, father of the girl.  
The warrant was placed in the hands  
of Deputy Sheriff D. H. Hooker of  
Longwood, who traced the couple to  
this vicinity and enlisted the serv-  
ices of Deputy Sheriff Goe and Fol-  
liceman Humphries in the search.

It was learned that Richardson and  
the girl were in the woods back of  
the turpentine still several miles  
west of Ormond and Deputy Hooker  
arrived here Thursday morning. In  
the afternoon Gore and Humphries  
located the couple in a hut in the  
woods and brought both to this city  
late in the evening.

Deputy Hooker left for Longwood  
with the prisoners Thursday night.  
The girl will be returned to her  
parents and Richardson will be com-  
pelled to answer to the charges con-  
tained in the warrant.

## PICTURESQUE PORT ORANGE

PORT ORANGE is a pretty little village situated five miles south of Daytona on the Daytona-New Smyrna hard-surface road, the scenic highway of the East Coast. The town is located on the Halifax River, and is connected with the peninsula opposite by a bridge.

The town is well laid out and has many pretty homes. A large number of tourists and winter residents make Port Orange winter headquarters, one of the several attractions being the excellent fishing.

A short distance west of Port Orange are the remains of the old Dunlawton sugar mill, a place that is visited every year by hundreds of tourists. One time all the country west of Port Orange, surrounding the old mill, was a vast indigo and sugar cane plantation. The mill was operated extensively in those early days but has been in disuse for forty or fifty years.

A very interesting drive from Daytona is by ocean beach to the approach of the Port Orange bridge, across the bridge and then passing through the principal street of Port Orange to the ruins of the celebrated old sugar mill, returning to Daytona by the road on the mainland.

By L. C. DEMAREE.

One of Daytona's crowning glories is her incomparable beach. No one who has ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snow-winged sea birds, which sit about as if for the sport of bobbing upon the waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, with hampers and lockers bulging with refreshments, both solid and liquid, ready for a cruise upon the beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies and the wide spreading branches of the heavy-trunked live oaks extend their giant arms across the magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from the tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with alga draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines run riot in the trees; see the cypress swamps, forms which gain a foothold on the great oaks and stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps, commands more nearly universal attention and praise than does the artistic cottages. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and, as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering, "What next?"

It is not only the exterior of many of these homes which rivets attention; when they are models of convenience, and the finishing and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed, it is the interior arrangement and artistic furnishing and shading, more than the exterior appearance that gives a surpassing charm to Daytona homes. This feature justly merits prominence as another wonder.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed, but that such is a

**DELAND**, the county seat of Volusia County, is situated 23 miles southwest of Daytona and is reached from the latter city by an excellent hard-surface road recently constructed.

At Deland is located the John B. Stetson University, one of the leading educational institutions of the South. Because of the interest in matters educational Deland is known as "The Athens of Florida."

Stetson University has a faculty of 50 professors and instructors. There are over \$400,000 in buildings and equipment; nearly \$300,000 endowment; a Carnegie Library alone representing an investment in building, endowment and books, of more than \$120,000. The library is the United States Government depository for the State of Florida, and contains over 15,000 volumes. Science Hall, one of the newest of 16 buildings, with its furnishings, represents an outlay of \$60,000. Elizabeth Hall is one of the most beautiful college buildings in the South.

The city has a population of about 3,500, with a thickly settled country adjacent. Deland proper is five miles east of the St. Johns River, on the high, rolling pine land of the great "Orange Ridge" of Florida.

The predominating products are oranges and grapefruit, the estimated crop from this vicinity being over 300,000 boxes this year. Grapes, peaches, pears, Japan persimmons, plums, pecans, guavas, strawberries and other fruits are grown in plenty.

In the way of public improvements are many miles of fine shell roads, an excellent high school, electric lights, a system of waterworks that is owned and operated by the city, supplying the purest water at little cost.

Nine houses of worship testify that Deland is a church-going community. Baptists, Episcopalians, Methodists (Northern and Southern), Presbyterians, Christians and Catholics, besides colored Baptists and Methodists, are represented.

The graded school offers a ten years' course, and the building which it occupies is newly furnished throughout, and is one of the most commodious and best equipped public schools in the State.

The trip from Daytona to Deland is made by automobile in a little over an hour, and there are many pretty drives in the vicinity of the county site. A good road leads to DeLeon Springs, five miles, a historic spot, where 60,000 gallons of water bubble from the earth every minute.

From Deland automobiles go south to Osteen, 18 miles, on shell and marl roads; the St. Johns is crossed by ferry near Osteen and cars can then continue to Sanford and Orlando by hard road. There is a shell road from Deland to Orange City, five miles, and a good road from Deland to Lake Helen, a like distance.

**LAKE HELEN**  
Surrounded by several pretty lakes and guarded by lofty pine trees is Lake Helen, a winter resort of no little importance. Camp Cassadaga, a spiritualistic campground is situated near Lake Helen and at this place several hundred people make winter headquarters. A large lumber mill and the largest brick plant in the South are located at Lake Helen.

**ORANGE CITY**  
The principal attraction around Orange City is the many handsome golden orange groves. The town is supplied with water said to be the purest in the world, another attraction to visitors. It is at Orange City that passengers over the Florida East Coast Ry. transfer to carriages and drive to Deland. The town is surrounded by land peculiarly adapted to the cultivation of citrus fruits.

### A Queer Funeral.

One day some years ago a man passing along a street in a central district of London dropped into a gulf that suddenly yawned for him. He had got into a coal mine shaft that had been bricked over 150 years before and forgotten. The depth of the shaft and the accumulation of foul gas in it precluded the recovery of his body, so the borough authorities had religious services held over the hole. The mayor dropped a handsome wreath into it, and it was once more covered up and arched with brick.

### Dogs' Public Baths.

Half the Vienna dogs are terriers. The fox terrier is a particular favorite. The necessity of the dogs being frequently washed has led to the establishment in Vienna of "dogs' public baths," which are to be seen in all parts of the city. One would think that dogs being so popular in Vienna, they would be everywhere tolerated, but such is not the case. "Dogs not admitted" is the rule at every restaurant and cafe, while the trams and omnibuses are also forbidden ground, and in the parks and squares dogs must be led.—London Globe.

### CHRISTIAN ENDEAVOR SOCIETY

ENJOYS WASHINGTON SOCIAL. The Christian Endeavor Society of the Congregational church held a most enjoyable frolic in Social Hall Thursday evening.

The entertainment committee, under the chairmanship of Mrs. J. B. Dunn, had prepared an interesting program.

Intellectual and progressive games were played and everyone present had a rapid firing good time.

Miss Carrie Chaffer rendered two violin selections, accompanied on the piano by Mrs. Gaffor.

Miss Bainter amused the crowd with a pleasingly rendered Irish recitation.

Everyone entered into the undignified, rough and ready game of Flying Dutchman, after which interest centered about the hot chocolate and cake with cherries in the icing.

A few old songs were indulged in and the jolly crowd broke up at 11.

NEW SMYRNA, FLORIDA

**NEW SMYRNA** is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man runneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the state of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements. Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the state is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

\*Don't fail to go to the Carnival Saturday night—process for the "Island Park." 73-2t

A very pleasant euchre party was enjoyed at the Saratoga Inn Wednesday evening. The parlor presented the appearance of "Old Glory," which was appropriate, being Washington's birthday. Artistically arranged bunting adorned the windows, beautiful draperies hung from the ceiling, and the large fireplace received its share of the red, white and blue. All who took part in the games were presented with handsome little flags as souvenirs. Mrs. Neal Mitchell of Jacksonville, and Mrs. C. D. Vincent, of Orange, N. J., won ladies' first and consolation prizes respectively, while C. D. Vincent of Orange, N. J., won first prize and John J. Taylor of Baltimore, the consolation. Chas. D. Beckwith and Mr. Taylor were tied for the consolation honor but on the draw Mr. Taylor was more successful. Mrs. Harmon D. Swits of Schenectady, arranged the decorations and her efforts were highly commended by all who were fortunate to see them.

\*"The Carnival" of the season at New Daytona Theater Saturday afternoon and evening. Come early. 73-2t

The most elaborate social affair so far given at the Ridgewood was the military euchre party held Wednesday evening, when 11 tables were occupied with players. Each of the tables was decorated in the style of a fort and each was named after some well known fort. The players at the Fortress Monroe table won first prize, the players being Mrs. Langhner of Pittsburgh, Miss Merkel of Charles City, Iowa, and the Misses Sweeney of New York City. Players at the Fort Washington table carried off second honors, the players being Mr. and Mrs. Simons of Aurora, Ill., and Mr. and Mrs. Sickler of Philadelphia. The parlors and dining room were elaborately decorated in the national colors. After the playing brick ice cream with cakes in the form of hatchets and cherries were served. The visiting guests were Major and Mrs. Foster, Mrs. E. Marrenner, Daytona, Mrs. Melcer and Mrs. Palmer from the Clarendon.

Washington's birthday at the Ivy Lane Inn was celebrated in much the same way as in past seasons. The dining room for the 6 o'clock dinner was brilliant with the national colors. The center decoration for each table was a group of small silk flags and the first course of the dinner bore a tiny flag of the same material for each guest. The beauty of the room was a good setting for the ladies in handsome evening gowns and gentlemen in full dress suits. The dining room was crowded to its full capacity with guests of the house. The leading features of the after dinner program were the reading of an original poem on the hero of the day by Miss Neville of Virginia, and the response to the toast it contained, by General Auman. Returning to the parlors the who's company joined in singing patriotic songs and later in the evening was entertained by Mrs. Richings with her humorous songs and recitals. This lady is very clever and has won a place here that will insure her a cordial welcome when she returns next season.

\*You will see only the latest in the vaudeville line tonight at 8:30 at the Daytona Theater. 73-1t

**HOTEL CLARENDON.**

The Washington ball held in the superb old rose ball room of the Hotel Clarendon Thursday evening, was a decided success, and the recollection of the good time by those in attendance will be carefully folded away in the golden pages of memory's scrapbook by the hundreds of fair ladies and gallant gentlemen, who danced, and the others who looked on, until the affair broke up, about midnight. The music by White's orchestra was as patriotic as the limitations of the waltz and two-step would allow. The Jefferson punch from the well filled punch bowl was stationed at the entrance of the ball room, and was most refreshing between dances.

Hotel Clarendon's latest arrivals are John H. Andrae, Burlington, Ia., Mrs. Dwight Prouty, Boston, D. M. Prouty, Mr. and Mrs. Henry Bohme, New York, Mr. and Mrs. E. B. Hilt, St. Louis; Wm. L. Knox, New York; Mr. and Mrs. Chas. S. Caldwell, Philadelphia; Mr. and Mrs. W. M. Webster, Chicago.

**SEABREEZE** and **DAYTONA BEACH**, two enterprising and progressive towns on the Halifax Peninsula, are geographically one although incorporated as separate municipalities. The towns parallel the peninsula north and south for a distance of from three and one-half to four miles, and extend east and west from the surging seas of the Atlantic Ocean to the Halifax River, the beautiful tide water stream that sets them apart from Daytona with which they have close communion by means of three bridges, as well as a half-hour ferry service.

Seabreeze and Daytona Beach are essentially summer and winter resorts and are making hundreds of new friends every year among those who desire to escape the discomforting extremes of heat and cold, and their hotels and boarding houses are now receiving splendid patronage from the most discriminating class of tourists.

The ocean itself, with its marvelous beach, hard as macadam and smooth as a floor, is the greatest attraction, although earth, air and sky seem to have entered into a combination to enhance its every charm. The beach is the famous automobile race course where every world's straight-away record has been made, and all these records it continues to hold without rivalry.

The beach has a width of 300 to 500 feet and can be used from two hours after until two hours before high tide, thus giving an average of seven or eight hours for automobilizing some part of each day.

Seabreeze and Daytona Beach each have a permanent population of approximately 1500. Sanitary ordinances are strictly enforced, streets and sidewalks are well kept, and new streets are being opened as fast as the increasing population demands. Besides hotels and boarding houses there is ample cottage accommodation for all winter visitors in both towns.

All the attractiveness of Seabreeze applies to Daytona Beach, the two towns being so similarly situated. The development of Daytona Beach has been fully as phenomenal as its sister on the north, and each year there is a substantial growth. The great sand dunes have been leveled and handsome homes have been built for both winter and all-year-round occupancy.

### BRILLIANT RECEPTION

WEDNESDAY AFTERNOON.

THREE LADIES OF DAYTONA BEACH HELD CARD PARTY AND RECEPTION IN PALMETTO CLUB HOUSE.

One of the most brilliant social events of the season was the card party and reception held on the afternoon of Washington's birthday in the Palmetto Club house by the Mesdames C. H. Raynor, J. P. Esch and C. A. Young, of Daytona Beach. The invitations were almost generally accepted and over 100 ladies were in attendance. The games of bridge and 500 were enjoyed from 2:30 until 4:00 and the cards were followed by a pleasant reception.

The successful contestants at the bridge tables were Mrs. M. Huston and Mrs. W. M. Shaffner, the former receiving the first prize and the latter the consolation prize. At the 500 tables Mrs. W. M. Hankins secured the first and Mrs. J. H. Niver the consolation prize. A delicious punch was served during the card playing.

The club rooms were very tastefully decorated for the occasion.

#### Official Oath in Siam.

If any form of oath is calculated to impress one, that which is prescribed to the state officials of Siam is likely so to do. Each official on taking the oath of office has to say: "May the blood flow from my veins; may crocodiles devour me; may I be condemned to carry water to the flames of hell in vessels without bottoms; after death may I enter into the body of a slave, may I suffer the harshest treatments during all time in years as numerous as the sands of all the seas; may I be reborn deaf, dumb and blind and afflicted with dire maladies; may I also be thrown into Narok—the lower regions—and tortured by Prea Yam if I break this oath."

#### His Favorite Phrase.

Once, when they were talking literature, Mrs. Isobel Strong said to Robert Louis Stevenson, "At least you have no mannerisms." Whereupon Stevenson took a copy of his own "Merry Men," which she was reading, out of her hands and read, "It was a wonderful clear night of stars." "Oh," he said, "how many, many times I have written 'a wonderful clear night of stars.'"

The darabouka, or Turkish drum, resembles a long vase, the bottom covered with parchment.

### PORT ORANGE

PORT ORANGE, Feb. 23.—Thurs-day afternoon was held the social meeting, when each member had the privilege of inviting a guest. Music, both vocal and instrumental, was on the program, with reading and recitations as well. Then delicious refreshments were served, and everyone present enjoyed the afternoon.

Tax Collector D. P. Smith and Sheriff E. L. Smith drove through Port Orange Sunday on their way from New Smyrna to Daytona.

Mr. and Mrs. Mead left Monday for their home.

G. W. Rysley left Saturday for his home in Ohio because of sickness in his family.

Dr. and Mrs. Herrick left Monday for their home in Ohio. They will spend some time enroute, however, at St. Augustine, Birmingham and Atlanta.

The Good Times club met at the home of Mrs. Bailey Monday afternoon.

Mrs. A. J. Haff was hostess of the card party last Saturday night.

A. J. Hicks is entertaining a nephew who is favoring him with a visit.

John R. Crow, one of the merchants of Port Orange, died suddenly in Deland. The body was brought here and interred in the Port Orange cemetery the funeral services being held at the M. E. church and was attended by a large concourse of friends. Mr. Crow formerly lived at Crow's Bluff, in this county.

### LIQUID CURES ECZEMA WHERE SALVE FAILS

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure, and give you instant relief.

### Ormond Notes

ORMOND, Feb. 24.—Mr. and Mrs. John Hall, of Cincinnati, who have been rooming with Mrs. Frank Colby, left Tuesday for an extended trip down the coast, and they may possibly go to Cuba and Nassau.

F. Harriman and wife and little daughter, of Stowe, Mass., have been in town for a few days. This family has been in the state for some time visiting the different cities and towns but thought they must see our beautiful East Coast before returning home.

Dr. Nelson Francis came near meeting with a serious accident recently. His automobile collided with a telephone post, breaking an axle and doing other damage. No one was hurt, however.

Tom Sawyer started for New Smyrna with a party Sunday but in turning out to pass another car below Port Orange broke the rear axle of his steamer and did not get the car towed back to Oliver's garage at Daytona until Monday morning, where the necessary repairs were made.

The youngest child of Mr. and Mrs. D. W. Waldron passed away after a brief illness one day last week.

Sunday the town was shocked to hear of the death of John Anderson, one of the oldest citizens—one of the best and truest friends to all the interests of Ormond. With a smile and a cheery greeting to all he met, one always felt that to talk or walk with him gave one something to always remember. We know of no one who would be more missed than he.

Two gentlemen from Orange, N. J., were in town this week for a few days, stopping over on their way to Cuba. They were Messrs. Baxter and Brandt.

Capt. Frank Colby took L. S. Glover of the Detroit Publishing company, up the Tomoka Wednesday.

#### CHEERFULNESS.

Cheerfulness means a contented spirit; it means a pure heart; it means a kind and loving disposition; it means charity; it means a generous appreciation of others and a modest opinion of oneself. Stupid people, people who do not know how to laugh, are always pompous and self-conceited—that is, bigoted; that is, cruel; that is, ungentle, uncharitable.

### ORMOND-ON-THE-HALIFAX

ORMOND is 5 miles north of Daytona, and on the west side of the Halifax River. The location permits of drainage and sanitation; the elevation is superb and ideal for winter homes. A wide bridge connects Ormond with Ormond Beach. Many fine homes are maintained on either side of the river, most of them surrounded by sub-tropical flora and shrubbery, besides thrifty orange and other citrus fruit trees. Ormond has many attractions—excellent automobilizing, good fishing, safe boating, and many pleasant drives. At Ormond Beach is located the large Hotel Ormond, and its lesser sister, the Breton Inn. The former occupies a position overlooking the Halifax, and the latter has as its outlook the magnificent beach and the broad Atlantic. Besides the broad, smooth beach there are many drives for carriages and automobiles around Ormond—drives through groves of golden oranges; drives through tropical forests to Spanish ruins; drives to the ancient Causeway built by slaves of planters of long ago, and drives to the plantations of respectable settlers, these places are replete with the interest of Southern fruits and flowers. One of the most interesting of these plantations is at the headquarters of the Halifax and known as Moundgrove. It is one of the finest orange groves on the East Coast of Florida and is amid very pretty surroundings. Moundgrove is on the Daytona-Saint Augustine road.

Drive Straight TO Ormond and try a few drives over that new golf course. Made at the Club house 11 a. m. I am now stopping just across the way at BRETON INN. COL. BOGIE.

## Spanish Doubloon of 1591 Found In Oldest House, St. Augustine

Photos by American Press Association.

WHAT is considered the oldest house in the United States stands in St. Augustine, Fla. It bears a sign saying that it was erected in 1516, but as St. Augustine was not settled until 1565 this sign is not always convincing even when one reads in an encyclopedia that Ponce de Leon when seeking the fountain of youth landed there as early as 1512. However, it is generally conceded that St. Augustine is the oldest town in the United States, so the oldest house in St. Augustine must be the oldest house within Uncle Sam's domain. This oldest house is now owned by Mr. Whitney. He bought it eight years ago from S. Sanchez, who had lived in it for three-quarters of a century. The other day Mr. Whitney was driving a nail to hang a picture when he noticed that the wall gave out a hollow sound. He investigated, tore out some of the concrete and found a receptacle for valuables. In this hole he found a Spanish doubloon dated 1591. This gold coin, which makes one think of pirates and the Spanish main, is worth \$16.65 as metal, though Mr. Whitney has refused a much higher offer for it. John D. Rockefeller visited the house soon after the coin was found and made an offer for the doubloon, but it was refused. The upper picture shows the oldest house as it appears today, while the lower picture shows the hole in the investigation that brought forth the doubloon.

## Residents of Hannibal, Mo., Are Preparing to Honor Mark Twain

RESIDENTS of Hannibal, Mo., are preparing to recognize the greatness of Mark Twain, the city's distinguished citizen, by dedicating a park to his memory and by turning his old home into a permanent monument and museum. The home is not of much value pecuniarily, though it is in a fair state of preservation. A movement is already under way, fostered by the Commercial club of Hannibal, for the purchase of the home and lot, which was visited by Mr. Clemens only a few years before his death. The Commercial club has also recently purchased eighteen acres of land just south of the city, which includes the bluff known as "Lovers' Leap" and a half mile of picturesque scenery. The genial humorist often declared that when he was taken to Hannibal at the age of four the bluff was merely a pile of hills, and he saw it grow as he grew. Lovers' Leap is now 265 feet high, and it commands a magnificent view of the Mississippi river above and below Hannibal. A bill has been introduced in the Missouri legislature appropriating \$10,000 for the erection of a monument to Twain in Hannibal. The Commercial club has promised to deed the riverside property to the city as a perpetual park. There is every indication that the bill will be passed and that Missouri thus will honor the most distinguished literary man the state has produced. Samuel L. Clemens was born in Florida, a little town up Salt River about thirty miles from Hannibal.

### GREAT THOUGHTS.

If a thought be really great it may live through many ages, stirring generation after generation. The echo of a great physical convulsion dies quickly, but the echo of the words of Confucius and Buddha, of Plato, Seneca and Christ, still lives. The voice of Socrates before his judges lingers in the minds of men whose ancestors were savages when Socrates spoke. Buildings decay, rivers run dry, races decline, but a great thought suffers from no impairment; it has the gift of immortal youth and strength.—Orlando J. Smith.

A Consistent Reason.  
Brooks—So you're not taking the electrical treatment? Lynn—No; they charged me too much.—Harper's.

## New Aero Iceboat Travels at Speed of Seventy Miles an Hour

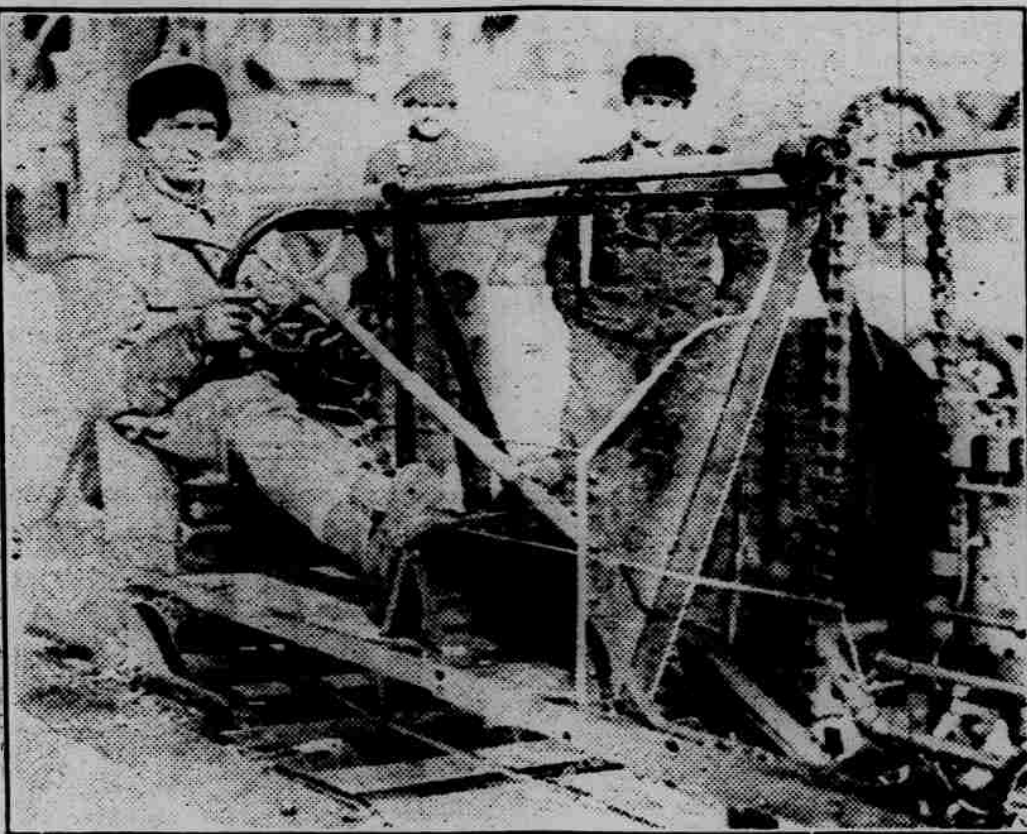

Photo Copyright by American Press Association.

WHEN Americans start to go any place they usually want to go in a hurry. Speed is one of the great considerations in all methods of travel. This element is one of the characteristics of the aero iceboat invented by Charles J. Swain of Philadelphia. He has his craft, which he has named Doodang, at Saranac lake, New York, and he has been travelling over the frozen surface of that body of water at fifty, sixty and even seventy miles an hour. The Doodang is merely an automobile mounted on skids instead of on wheels, and it is driven through the air by a propeller very much like those used on aeroplanes. The propeller is attached to a shaft which passes over the head of the chauffeur of the iceboat. The engine that drives the craft has six cylinders and can develop sixty or seventy-five horsepower. When going at full speed Mr. Swain says the craft will leap over holes in the ice and that rough places do not bother him materially. The Doodang is steered by means of a wheel which controls the front runners as the wheel of an auto controls the front wheels.

"I desire an audience with the manager," remarked the dignified smooth faced person as he approached the box office of the theater.

"Step in," replied the man in the box office. "I think he's looking for a few audiences himself."

She (during a squabble)—Didn't you promise before we were married to try hard to be worthy of me? He—Yes, and what's the result? I overdid the job and made myself a hang sight better than you deserve.—Boston Transcript.

**BIRTHDAY SURPRISE PARTY FOR ARTHUR B. LEETE.**

Mr. and Mrs. S. W. O'Brien entertained at their home on West Orange avenue Monday evening in honor of their friend, Arthur B. Leete, who on that day was turning the 26th milestone on his life journey, and 26 persons gathered under the hospitable roof to make merry over the event.

The house was decorated with "spider web" net work and the main feature of the evening's diversion was the taking down by the guests of the threads of the web. The thread that fell to Mr. Leete was strung with joke articles, which occasioned much merriment as they developed in the rewinding of the thread, until at the end he found a small package containing a handsome button watch chain with his initials artistically engraved. At the ends of the threads of the other guests were attached cards containing bright wishes for his future welfare.

The remainder of the evening was passed with music and games. The refreshments were delicious, the main feature being the beautiful natch cake all ablaze with its six and twenty candles. Mr. Leete cut the cake with the wish that the occasion would mark an era for good in his journey of life.

The guests departed at a late hour, thanking Mr. and Mrs. O'Brien for the very pleasant evening accorded them.

**Beautiful English Frost.** The beauty of frost is greater perhaps in England than in any other country because it is apt to be so transient and because it is often not accompanied by snow. Frost does not work much change upon a snow covered world. It may leave its delicate patterns on the window panes and decorate the ice with crystals, but elsewhere we have to look closely for the marks of its "silent ministry." It transforms the whole earth only where there is a great variety of color and surface for it to work upon, where it can edge every leaf and blade of grass with a fringe of white and where it casts a silvery bloom upon the distant green uplands.—London Times.

**Not What He Meant.** The preacher had been eloquent in his remarks concerning the young girl over whose remains the funeral services were being held. Tears were in the eyes of all present. Even the speaker's voice trembled with the force of his emotion. He concluded his sermon with this outburst: "Can any one doubt that this fair, fragile flower has been transplanted to the bosom of the Lord?"

## KNIGHTS OF PYTHIAS ATTEND DE LAND DISTRICT MEETING.

**LOCAL MEN DRIVE TO COUNTY SEAT AND ENJOY SESSION WITH OTHER MEMBERS OF THE ORDER.**

An auto party of five members of the Knights of Pythias, made up of C. R. M. Sheppard, Wesley Herrick, W. M. Moore, P. W. Hart and A. K. Brokaw, members of Fountain City lodge, No. 56, went over to DeLand Thursday night to attend a district convention of that order.

By invitation of Dr. Lincoln Huley, president of Stetson university and a member of the Knights of Pythias, the convention was adjourned during the early part of the evening and the knights attended in a body the concert at the auditorium. The concert was one of a series and was thoroughly enjoyed by the knights.

After the concert the Knights returned to the castle hall of Myrtle lodge, No. 21, enjoyed a fine repast and proceeded with the business of the evening. In connection with the business of the session the rank of knight was conferred on Dr. Stevens of DeLand by the working team of Myrtle lodge. The convention was thoroughly enjoyed by all who attended and the Daytona delegation returned home early Friday morning, high in their praise of the hospitality of the DeLand members of the order.

## The Arabic Day.

The Arabic day begins at sunset, and the particular one which begins any month is that on which the new moon is first seen after sunset. Apart from the cloudiness of the sky, there may be and generally is considerable difficulty in seeing the crescent, lost, as it must always be, in the radiance of the set sun, and consequently there is always uncertainty for some time after sunset whether the day that has just begun is to be reckoned with the last month or as the first of a new month.

## Not Seeing, Not Believing.

There was a man in Nottinghamshire who discontinued the donation he had regularly made for a time to a missionary society. When asked as to his reasons he replied: "Well, I've traveled a bit in my time. I've been as far as Sleaford, in Lincolnshire, and I never saw a black man, and I don't believe there are any."—London Standard.

## CHEROKEE BALL GAME.

Preceded by Songs and Dances Which Last All Night.

The ball game as played by the Cherokees is as important to them as football or any other popular game is to other people. The eastern band of Cherokees live on the Qualla reservation, in western North Carolina.

The neighborhood in which I live, writes an Indian girl in the Red Man, is divided into four main sections—namely, Yellow Hill, Soco, Big Cove and Birdtown. The Indians living in one of these sections will challenge those living in another to a game of ball. They choose their players and agree upon the time and place for playing the game. It is generally played in an open field far different from the well graded field upon which the game of football is played.

The evening before the game the Indians, the women included, hold a dance in their respective sections of the country. These dances are held in the open air, usually near some small stream. The women do the singing while the men dance. In their songs they make all kinds of remarks about those of the opposing side. These dances continue all night long. From the time of the dances until after the game the players are not allowed to eat any food.

The following day the people from the different sections gather at the appointed place to witness the game. They either sit or stand around the edge of the field. The ball players each have two sticks similar to those used in the game of lacrosse, only smaller. The ball is tossed up in the center of the field, and the game begins. The object is to get it around two poles placed at each end of the field a certain number of times. They cannot pick up the ball in their hands. The players who succeed in getting the ball around the poles at the end of the field the greatest number of times win the game.

## An Embarrassing Joke.

A young lady who was painfully shy was being seen off by train by her brother. He got her comfortably seated next to the door in a compartment containing several other passengers. Then as the train was starting he leaned forward and kissed her, saying mischievously in a stage whisper: "It's all right, dear. They'll think I'm your brother."

The average person wastes lots of time telling other people things they do not care to hear.
